Dear Friends:

Thank you for the wonderful help you provide to Friend Ships. It is invaluable!

PORT MERCY Here at Port Mercy, we continue to work on the ships, distribute food each week and train Sea Hawks. We are evaluating the best way for us to help the victims of Hurricane Helene and keeping an eye on another disturbance in the Gulf that could be headed this way.

SEA HAWKS The Sea Hawk team continues with their basic training and this month, had the opportunity to help the Lake Charles community prepare for a potential hurricane. The Hawks helped make sand bags for elderly citizens and others who needed assistance as Hurricane Francine threatened our area. They have also had

food handling safety classes, participated in all aspects of Port Mercy activities and outreached to the community including pizza and prayer deliveries!

Friend Ships

ISRAEL Our staff continue to help local organizations provide food and meet needs as the war in the North rages. Please pray for protection and peace for the Israeli's and all the people of the region.

STOREHOUSE ONE Food continues to pour in for distribution to the ministries we

assist but as winter approaches the produce tends to ebb. We are reactivating our large greenhouse in order to supplement the food distributed throughout the winter. Here are some photos from when the greenhouse was last in full production. And (below) preparing family food boxes.

Ye are blessed of the Lord which made heaven and earth. The heaven, even the heavens, are the Lord's: but the earth hath he given to the children of men.
