Dear Friends:

Thank you for the wonderful support you continually pour out on Friend Ships. We are so appreciative of your love and thoughtfulness!

**ONLY A FEW WEEKS AGO**

Our new greenhouses are flourishing! Just as the temperatures here in Lake Charles dipped into the low 30s, we got our trees safely into their new home. The growth we are experiencing in the produce greenhouse is phenomenal. It can only be the blessing of the Lord! Soon we will have tomato, cucumber, squash, lettuce, bokchoy, arugula, spinach, beets, swiss chard,

kale, basil, dill, thyme, cilantro, parsley, peppermint, tarragon, sweet peppers, mustard, rosemary, sage and more to add to the food that goes out daily. Thank you Jesus!

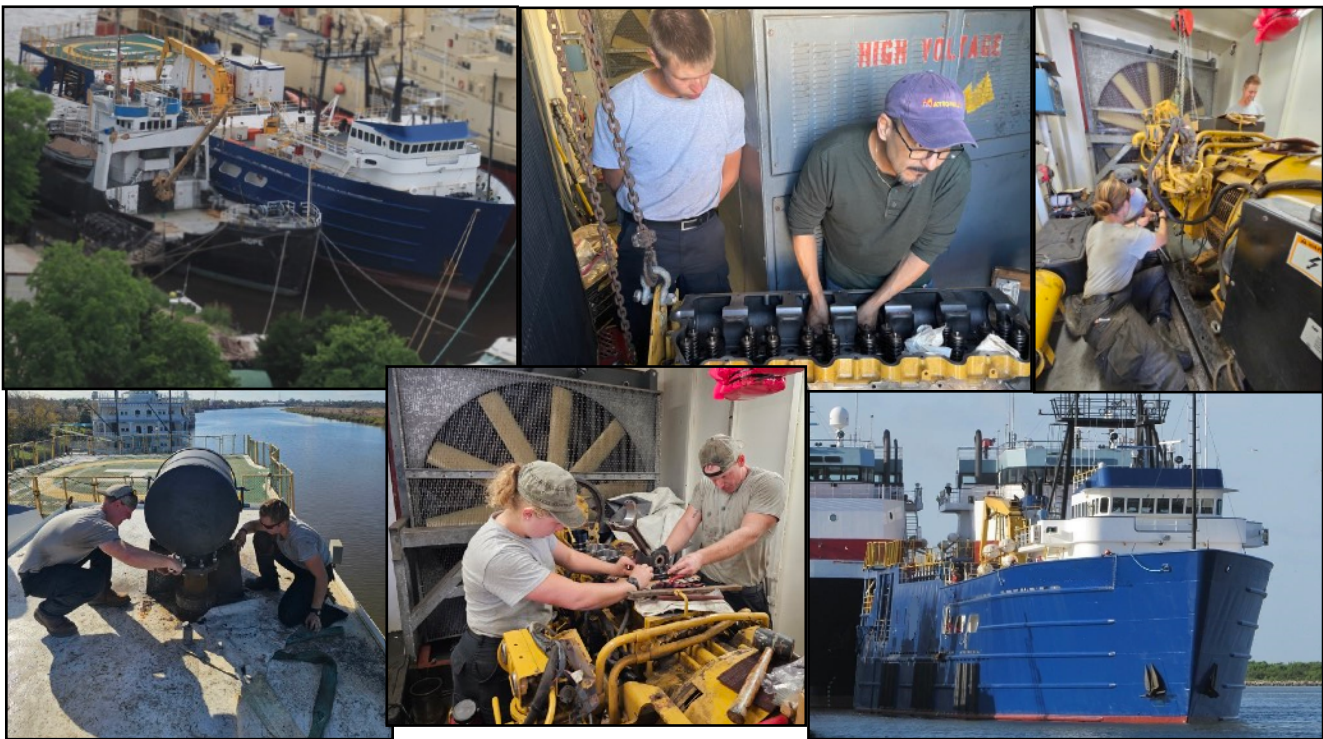

### **AND NOW!**

We are planning to start a new project in Israel and may be relocating to the North where people are returning to their homes after having been evacuated for more than a year. Some areas are war damaged. Others are suffering neglect from their occupants having been absent. We are assembling a team to help in any way we are needed and are also keeping an eye

# Friend Ships

on the situation in Syria to see if there is an opportunity there. Stand by for incredible news coming up. Keep us in prayer please!

The generator aboard Pelicans Nest is coming together nicely and soon we will have it completed. In January we hope to test and reactivate our bridge equipment.

It is so good to work together with you to advance the Kingdom! The Bible teaches us about the various parts of the body saying there are different kinds of gifts but the same Spirit distributes them, different kinds of service but the same Lord. There are different kinds of working, but in all of them, and everyone; it is the same God at work, that we have different gifts but form one body. When you send funds or give goods, pray or volunteer with us here at Friend Ships, we function as one body and you push us toward the mark God has set out for us - to feed a family in need, help an elderly couple recover from a storm, give a child the medical care they require and so much more. Thank you from the bottom of our hearts!
