July 2026 Activities Report

Dear Friends:

Thank you so much for your support. It is invaluable to us and we are so very grateful!

Our efforts at Port Mercy have been concentrated on preparing for hurricane relief. We are grateful not to have had a hurricane yet this season but want to be prepared in case one comes along. It has been a big help that we have had several work groups help us including a very special team of three Moms with their children.

We are excited about getting a ship prepared for disaster relief and also responding by land here in the US, providing meal service, distribution of heavy duty vinyl for roof repairs and spiritual support. If you would like to consider joining us when we are deploying to a disaster relief, send an email to portmercy@friendships.org and we will keep you informed of opportunities.

StoreHouse One, our domestic food distribution is in full swing. Because of the Lord blessing us with generous donors, In Southwest Louisiana and the South Bay of Los Angeles county, we are able to provide food to churches that prepare meals and give groceries to needy families and individuals in their communities, to organizations

helping the homeless, home-bound elderly, people recovering from addictions and to people who are sick. What a blessing to send out beautiful food six days a week, every week.

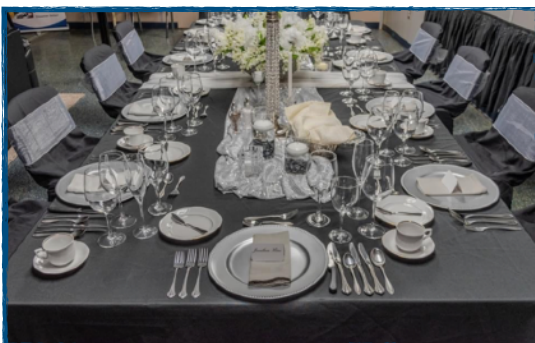

In April of 2025, Friend Ships accepted the opportunity to create a Health Center in Syria in a war-torn village that had no local medical care and few resources.

Since that time, we've been able to provide medical care, free pharmacy services, children's activities and commodity distribution. In June and July, we took a break from

providing services because due to the war, volunteers were

unable to fly in. Few flights were

available and there were frequent cancellations. Even if they could get a flight, many were hesitant to do so. However, we are now fully booked through early October with medical staff and supporting crew. Please pray that their flights are not cancelled because of the threat of war.

Thank you Lord Jesus for your love, spiritual blessings abundant provisions and thank you, our support team.
